memory?**

**Receiving the right support
that matters, at the right time**

Cornwall Memory Support Pathway

We understand that living with, or caring for someone with dementia can make a difference to someone's life.

We aim to provide support at the right time, to anyone living in Cornwall who is affected by dementia, or is worried about their memory. Whether at home or in hospital, or an unpaid carer, relative or friend.

We work together and with other services, to ensure that people receive what matters to them.

Over the phone, or face to face, we provide advice, guidance, support and the opportunity to meet others who are living with dementia.

The Pathway is here for you
